

# GMP TRAINING

## Conducting an Audit

**1 -DAY**  
Interactive Training  
Program

### WHO SHOULD ATTEND

- Intended for fabricators/manufacturers, packager/labellers, testers, importers, distributors, and wholesalers in the pharmaceutical and natural health and medical device industries
- Appropriate for new employees and for personnel with or without previous audit experience

### PURPOSE OF THE WORKSHOP

- This purpose of this program is to increase understanding of auditing techniques using adult learning principles
- Provides documented effectiveness of learning (completed quiz)
- Employs interactive exercises, industry-based case studies, hands-on tasks designed to involve and engage the participant
- Gives you a participant binder, marked quiz, course certificate, and The Personal Action Plan™
- Participants will:
  - Develop practical audit skills
  - Improve their evaluation and communication skills
  - Refine their reporting skills
  - Increase their ability to implement corrective action programs

### WORKSHOP OBJECTIVES

Upon completion of this program, participants will understand the audit process and will be able to:

- Develop an audit checklist
- Conduct internal and external audits
- Document audit findings
- Recommend fixes and corrective actions
- Write an audit report
- Evaluate audit responses
