

GMP TRAINING

Fundamentals of Good Manufacturing Practices: NHPs Health Canada NHPD Good Manufacturing Practices (GMP)

1-DAY
Interactive Training
Program

WHO SHOULD ATTEND

- Fabricators, packagers/labelers, testers in the natural health product (NHP) industry
- New employees, those who have production experience with no formal training in GMP
- Personnel with training who need to stay current with GMP

PURPOSE OF THE WORKSHOP

- Provides a compact learning package that enables you to gain a working knowledge of GMP in one day
- Shows you how to apply GMP principles
- Provides a methodical approach to GMP that simplifies the regulations and helps you understand why you need to comply and what you need to do to comply
- Identifies Health Canada NHPD's regulatory expectations
- Shows you how to implement GMP to avoid surprises in government audits
- Greatly reduces the risk of failing an audit or self-inspection
- Helps you prepare an action plan for implementing GMP immediately on your return to the workplace
- Provides documented effectiveness of learning (completed quiz)
- Gives you plenty of practice so you'll leave with proven skills
- Employs interactive exercises (e.g., Mr. GMP Exercise™), industry based case studies, hands-on tasks designed to involve and engage the participant
- Emphasizes adult learning principles
- Answers your questions based on the most current interpretations of the GMP regulations
- Gives you a participant binder, marked quiz, course certificate, indexed GMP pocket booklet, and Personal Action Plan™. The Green Book™ will be an indispensable reference for your day-to-day activities in the workplace.

WORKSHOP OBJECTIVES

- Acquire and apply the basic concepts of GMP
- Recognize the importance of GMP compliance
- Understand the role of Quality Control
- Develop The Personal Action Plan™ to ensure compliance at your company
